**SOCIAL DISTANCING**

**What Does It Mean?**

Social Distancing is the practice of reducing close contact between people to slow the spread of infections or diseases.

**AVOID**
- Standing in queues (like at the bank or post office)
- Touching other people's skin
- Touching your eyes, nose and mouth
- Sharing electronic devices
- Sharing hands

**USE CAUTION**
- While speaking to people in person, maintain your distance
- While using public areas, be aware of what you’re touching
- While preparing food and drink, use the disposable, single-use plates
- When using the toilets, ensure your hands are clean on entry and exit

**SAFE TO DO**
- Wash your hands regularly
- Encourage colleagues to keep clean
- Check with colleagues to see how they are feeling

---

**Hand Wash Technique**

**Important! Washing hands prevents disease and puts everyone else at ease.**

1. Apply liquid soap or sanitizer.
2. Rub hands together palm to palm.
3. Spread soap over the back of each palm.
4. Rub palms again with fingers interlaced.
5. Grip the fingers in each hand and rub sideways.
6. Rub each thumb deep in opposite hand.
7. Rub fingertips of both hands in opposite palm.
8. Rub each other deeply in opposite hand.
9. Rinse for 10 sec, and dry with a towel.

---

**CORONAVIRUS / COVID-19 PRECAUTIONS**

**CATCH IT**
Always cover your nose and mouth when sneezing or coughing, and wash your hands as soon as possible.

**BIN IT**
Throw your used tissues in the trash immediately after use.

**KILL IT**
Hand sanitiser is great if soap and water are not available.
